

## Foiled's cupcakes come in 20 flavors. Every single day.

So we understand that it can get overwhelming. That's why we created the **Decide, Already!**<sup>™</sup> chart. Choose from set assortments that'll please even the pickiest cupcake eaters in your group. Of course, **you're more than welcome to mix and match to make the perfect assortment for YOU**, but hey - sometimes it's just too hard to decide, already. Each dozen is always \$38, which includes Foiled's standard signature Quippies<sup>™</sup>

We personally deliver shiny happy goodness with as little as 12 hours notice to Chicago and the west suburbs. See our website for details.
